#### SUBCHAPTER IV—LIMITATION AS TO AMOUNT AND ADDITIONAL AND ENLARGED ENTRIES

**§ 213. Additional entry on land contiguous to former entry of less than quarter section**

Any homestead settler who has prior to April 28, 1904 entered, or may thereafter enter, less than one-quarter section of land, may enter other and additional land lying contiguous to the original entry which shall not, with the land first entered and occupied, exceed in the aggregate one hundred and sixty acres.

Before a patent may issue on the additional entry, the entryman must show that he has cultivated an amount equal to one-eighth of the area of the additional entry for at least one year after the additional entry and until the submission of final proof thereon. The cultivation required with respect to the additional entry may be performed on the original entry, the additional entry or on both, but where it is performed on the original entry, it must be in addition to that required and relied upon in making final proof on the original entry. No proof of residence shall be required with respect to the additional entry.

The additional entry may be made before or after final proof has been made on the original entry. Final proof for the additional entry may be submitted only at the time of final proof for the original entry, or subsequent thereto, but must be submitted within five years after the additional entry is made.

This section shall not apply to or for the benefit of any person who does not own and occupy the lands covered by the original entry. If the original entry should fail for any reason prior to patent, or should appear to be illegal or fraudulent, the additional entry shall not be permitted, or, if having been initiated, shall be canceled.

Commutation under the provisions of section 173 of this title shall not be allowed of an entry made under this section.
